EXPLANATION.

HOOFLAND'S GERMAN BITTERS IS HOUPLAND'S GERMAN HITTERS is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Burks from which these extracts are made, are gathered in Germany, all the medical virtues are extracted from them by a scientific chemist. These extracts relate in the model of the country to be used expressly for the manufacture of this Bitlers. There is no alcoholic substance of any kind used in compounding the Bitlers, hence if free from all the objections inclient to the use of a liquor preparation.

Wisconsin Democratic Convention.

The Wisconsin Democratic Convention met at Milwaukee on Wednesday, and nominated a State ticket, Col. C. D. Robinson, of Green Bay, being the nominte for Governor. Among the most noticeable of the resolutions adopted is one declaring "that the Democratic party of Wisconsin rejoices in the extinction of slavery; in the prompt and general acquiescence of the Southern people in the results of the war; in every well directed effort for the enlightenment and elevation of oppressed humanity at home and abroad, and in every measure compatible with good government and public order to broaden the basis of suffrage.

Collision of Stock Trains From the Zanesville Currier of Tuesday.

From the Zanaville Cturier of Tueslay.

An accident happened just beyond Section Sixteen, C. O. Italiroad, a short time after 12 o'clook last night. It seems that two stock trains went east, the second following the first preity closely. After the first train had passed over the summit, four or five cars became uncoupled and were left on the track, the train passing a short distance shead. The second train passed over the section, and soon after came in contact with the cars detached from the first train, perfectly demolishing them, and acattering the flour and cattle with which they were loaded in every direction. James Wintermute Johns, brakeman on the first train, who was on the cars demolished by the second train, was thrown a distance of some forty feet, and had both legs broken above the knee joints, and both bones of the left arm, and the small bone of his right arm, between the elbow and wrist joints. WEST VIRGINIA OPINION.

A NEW MOVEMENT IN WEST VIRGINIA

From the Moundrille National.

The address made by the leading Republicans of Wheeling, to the voters of Onio county, is commented upon by many Republican papers throughout the country in a favorable light. Including also, the New York Tribune, with whose universal suffrage and universal amnesty doctrine, of course, it agrees. But that is a notion of Horace Greeley's, however, and a man that will go bail for Jefferson Davis, may expect to have ideas that cannot be comprehended by the generality of the human race. This article is very carefully worded. It is believed that the movement will result in a total restoration of the franchise to all from whom it is now withdrawn. As might be expected, franchise to all from whom it is now withdrawn. As night be expected, it meets with the warm endorsement of the Democratic party. To say the least, this is not a flattering compliment. The INTELLIGENORA urges the Republicans throughout the State to adopt a platform similar to this in the coming election. It thinks that this "important movement," is to preserve the ascendency of the Republican parthe ascendency of the Republican par-y in West Virginia. It is clear that a vein of caution and expediency pervades the address, instead of any bold party measures. In Missouri and Tennessee is the same "important movement" of revoking the proscriptive measures, which have proven to be inexpedient in controlling the politics of those States. To look at the matter in a humane light, or with a favorable recognition of the principles on which the Republic is founded, the distranchising clause in the State Constitution is altogether inconsistent with true Republican doctrine. At any rate, we commend the question to the careful attention and due deliberation of all right-thinking Republicans.

From the New Creek Gazette.

Below we give the address of the Republicans of Oaio Gunnty to the voters thereof. The movement herein Insugurated is bound to have its influence upon the politics of West Virginia, and in a measure will shape their complexion in the coming years. The whole thing is now narrowed down to the bare proposition whether we will accept this departure from the fundamental principles of republicanism, and 'pull in' slong with this new movement, or whether we will follow the old

pull in' siong with this new move-ment, or whether we will follow the old besten paths, tried by men of the stamp of Lincoin and Stevens.

NEW YORK, Sept. 9.
A Scranton special says: Later explorations of the mine have developed a sadder phase of the tragedy. Many chambers have been entered and miners found in them dead, the breast of the miners showing that they had been atticken down by poisonous gas in a moment, without a warning, white they were at work. Road men, roofmen, door-men, and others, were found dead in different gangways, showing that the destruction must have come swift and sudden.

The spirit evinced by the miners today has been bitter in the extreme, and not assuaged by the offers of assistance and sympathy flowing in from every side. As a Packer has telegraphed that he offers \$2.500 to the bereaved, and Gov. Geary \$5.000. The railroad company make all the exertions possible, and the wishes of the miners in every respect are consulted, but they remain obdurate. The more reasonable are ready to listen to reason, but they are in the minority. Many are refractory and victous. Trouble is apprehended, and it has been avoided only by consumitate tact.

It is published this morning as a matter of interest to the creditors of L. A. Benoist & Co., that the surviving partners of the firm gave a bond in the Probate Court for \$1.000,000, immediately after the death of Mr. Benoist. This bond was given as security for deposits in the bands of the firm at that time, but as they have all since been transferred, the bond is practically released, and has no application whatever ST. Louis, Sept. 9. Probate Court for \$1,000,000, immediately after the death of Mr. Benoist. This bond was given as security for deposits in the bands of the firm at that time, but as they have all since been transferred, the bond is practically released, and has no application whatever to the present failure of Benoist & Co. The oreditors of the firm are to have a meeting on the 15th inst., at which arrangements will probably be made to settle the affairs of the house.

The Savings Bank at Legrange, Mo., was roubed, Tuesday morning, of about \$600.

The registration of Erie formed the great topic of discussion in Wall street and the stock was actively dealt in at the National Board Stock Exchange and on the atreet, to the detriment of a speculation in the balance of railways. The following letter from Jay Gould the Stock Exchange will explain matters:

To the President of New York Stock Exchange:

Exchange:

DEAR SIR:—In compliance with the request of several of your members, this Company has just registered in the office of the Farmers' Loan and Trust Company common stock representing \$70,000,000; preferred stock, \$8,533,000 The earnings of the road during the eleven mouths ending September 1, not including receipte of Atlantic and Great Western Railroad, have been \$17,348,355.
